STREETS & SIDEWALKS REPAIR PLAN

On November 7, 2023, voters in the City of Rocky Ford approved an increase in city sales tax by one percent (1%) per year for three years and restricted the use of revenues from the additional one percent sales tax to continue to repair streets, sidewalks, and other physical improvements in the city according to a council approved repair schedule.

The estimated revenues for 2024 are approximately \$450,000. Approximately \$200,000 shall be appropriated for streets improvements, approximately \$200,000 shall be appropriated for sidewalk improvements, and \$50,000 shall be appropriated for a 50/50 Sidewalk Repair Program.

Council wishes to fund from this revenue, the streets and sidewalks in this repair plan as appropriations allow.
